Hi Pallavi,

I think I wont be able to reply your webmail enquiry to your patni email id from gmail id.

"Check mail link" is to check mails under yourname@dombivforum.com and is different from dombivli Forum username.  
In case you are interested in getting pallavi@dombivforum.com with 2GB space and Gtalk features let us know.

Otherwise to login to the forum just use the login menu on left side of website.
